OFF THE Wall

"Do you think that condoms should be distributed in high schools to practice safe sex?"

"Due to the sexual tendencies of teenagers today, I believe that it would be in everyone's best interest if they were distributed tactfully."

— Marlon Robinson

"I think it could be a positive preventive step; however, I don't think that it is the responsibility of high schools to supply condoms to young students who, if responsible, can buy their own."

— Coach Michael

"I think they should be distributed in high schools so whenever someone needs one, they can have it without having to be embarrassed about buying them. Maybe then more people will use them against diseases and unwanted pregnancies."

— James Collius

"Yes, because teenagers are going to have sex and if the protection is offered somewhere familiar to them, then they will be more likely to get them and use them."

— Mendy Whiting

"I believe that condoms should be distributed because sex has become more popular and since the school systems are worried about our safety. This can be a contribution to help stop the spread of STD's."

— Robert Sapp

"No, because most people won't use them and I don't think that it is the school's responsibility to provide protection to students."

— Stacy Champion

— Angela Davis

Dedicated to the best of all . . .

The 1991-1992 Arrow is Dedicated to Coach Tim Michael. We felt instead of writing a commentary on him we decided to ask some members of the faculty and student body just how they felt and what kind of person Coach is to them.

I think by reading just a few you will come to realize how much of an impact he has on MHS.

COACH TIMOTHY MICHAEL

FROM THE FIRST DAY THAT I MET COACH MICHAEL I COULD TELL THAT HE WAS A HARD WORKER AND A DEDICATED PERSON.

COACH MICHAEL ALWAYS GOES BEYOND THE CALL OF DUTY, IF IT'S GOING TO MAKE MATOACA HIGH SCHOOL STAND ABOVE THE CROWD, HE WILL DO IT — RAISE MONEY, BUY IT HIMSELF, OR SEEK OUT THE RESOURCES TO PUT MATOACA ON TOP.

COACH MICHAEL HAS COACHED FOOTBALL AND RUN THE WEIGHTROOM SINCE COMING TO MATOACA FROM NEW KENT HIGH SCHOOL. IN THE SPRING OF 1992 HE GAVE UP THE WEIGHTROOM SO THAT HE COULD COACH TRACK AND FIELD. COACH MICHAEL GOT THE WEIGHTROOM GOING AGAIN BY RAISING MONEY TO BUY NEW WEIGHTS; HE ALSO HELPED RAISE MONEY TO BUILD A NEW WEIGHTROOM NEAR THE FIELDHOUSE. COACH MICHAEL HAS HELPED RAISE OVER \$70,000 DOLLARS FOR MATOACA ATHLETICS.

THE STUDENTS AND ATHLETES WHO HAVE COME IN CONTACT WITH HIM HAVE FALLEN IN LOVE WITH HIM. HE IS FUN LOVING AND CARING ALL THE TIME. HE IS ONE WHO WILL NEVER SAY NO IF IT'S GOING TO HELP YOU OR MATOACA HIGH SCHOOL. MATOACA HAS BEEN SENT A BLESSING FROM ABOVE IN TOM MICHAEL.

COACH DIXON

Lori Williams — "A great teacher and a good friend."

Shaniece Calloway — "A good teacher, a friend you can talk to when you have personal problems."

Coach Tim Michael

Always surrounded by the happy people at M.H.S., Coach Michael & Senior Rori Tatro play around in the library.

"When I first met Coach Michael I was a nervous wreck. It was my first day and I knew no one. Coach took me in and showed me the ropes and made my first couple of weeks a lot easier than it could have been.

As far as dedication to the school and the kids, Coach is probably on a level by himself. He is not only a teacher and a coach, he is also a friend to the students; he is someone they can come to when they're in trouble and someone they talk to.

I consider Coach Michael a great friend, a great coach and a pleasure to work with and there is probably no one more deserving of this dedication than Coach Tim Michael."

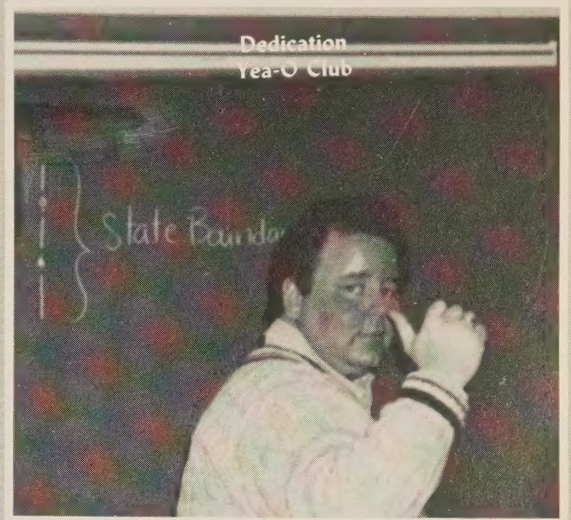

Coach Scott Driskill

Coach Michael always find a way to smile even when surrounded by work.

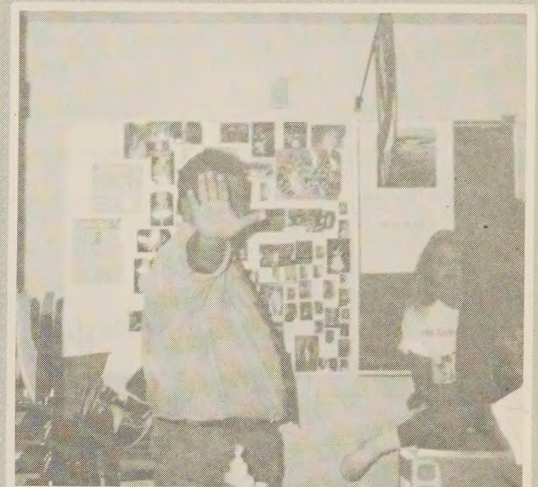

Coach Michael in one of his many cheerful days smiles beautifully for the cameraman.

Awh, come on coach you can smile better than that.

In his quest for physical fitness, Coach Michael takes a quick jog around the school.

"No! We won't be taking pictures today," says coach Michael taking a break from his lectures.

Coach Michael decides to be cute while in a playful mood and take a picture of the photographer also.

STUDENT LIFE

Student life at Matoaca begins even before September fourth. It starts with the first football game in August where everyone comes out from their summer break to support the Warriors. Then gradually the school year gets into full swing with pep rallies, class dues, new students and Freshman. You see new faces and a lot of the old ones you've grown up with. The weather turns cold and football becomes the center of attention. Spring gets closer

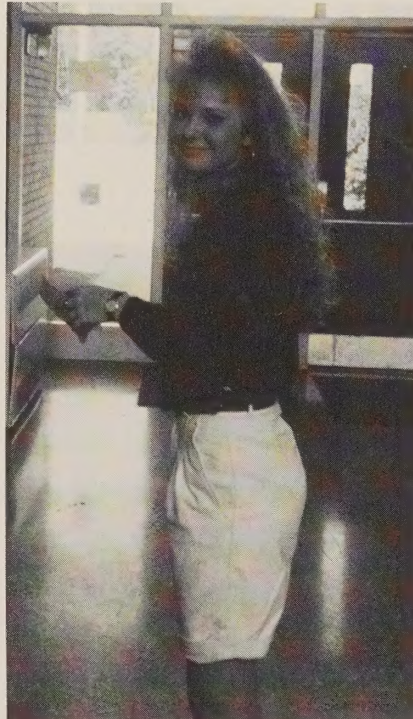

and everyone gets "spring fever." People start thinking about Prom and wondering who they'll get as a date unless they already have that special someone. The end of the year approaches and Seniors get excited and nervous about graduation. Everybody looks forward to the summer vacation. Until next year when it all starts again with some different people and we wish the Seniors luck and a heartfelt goodbye.

M.H.S. WORRIES ABOUT THE FUTURE

Students At Matoaca High School Speak Out On The State Of Today's Economy

The economy has become very unstable, and jobs have been extremely hard to find. It seems as if all of the important people in the world are trying to deny or better yet ignore the recession our economy is going through. The students here do not and will not ignore it. "There is definitely a recession in the United States. I noticed that my parents weren't as fast to buy me anything lately, especially at Christmas. I mostly got the bare necessities" states Junior Bronwyn Edwards. The recession we are now dealing with is teaching us all how to cope with life and its many difficulties. "It has put a big dent in my family income, a strain on my entertainment, and has helped me learn to deal with managing money" Senior, Curtis Salmons replies. Going through this now is helping us all learn how to financially prepare ourselves for what the future may bring us.

You will be starting college and moving on alone. You are starting a new chapter in your life and will no longer have your father and I to lean on and ask for advice. Twins Double Vision

Stacy and Tracy Champion

Rachel and Shana Parker

Aaron and Anthony Mason

Victor and Vincent Mayfield

Adam & Jennifer Resnick

Here at Matoaca High School we have many sets of twins. Some of them are so much alike we can hardly tell them apart, other are as different as night and day. We asked them about some of their experiences being twins and here's what they said:

Rachel and Rhoda Parker recall a time of switching places during school a few years ago. They stated that "the teachers never even noticed until some of the students decided to tell on them."

Stacy and Tracy Champion stated "basically we just remember spending every minute with each other and doing exactly the same things. We are the best of friends and are just alike."

Some of the twins seemed to have had nothing in common including sex. Jennifer and Adam Resnick really have nothing in common. "We don't look alike, think alike or even act alike."

Being a twin is a very unique experience and it has its good points and bad points but overall it is fun.

"Unforgettable"

The song by Natalie and Nat Cole chosen as the '91-'92 theme epitomizes each person's expectations of his or her prom night. The clothes, the dinner, the car, the flowers, the pictures, the dance, the party — "Unforgettable." The atmosphere at Fort Lee Officers Club on May 1st was an elegant one. Teal and ivory

helium-filled balloons drifted in the air . . . candle-lit tables filled the room. In the Lee Room, photographs were taken in front of a stately fireplace decorated with flowers, candles and balloons. For most, this was just the beginning of a wonderful evening. Each person has his or her own "Unforgettable" memories of that special night.

A few of the Juniors decide to take a break and smile pretty for the camera.

ARTISTS AT WORK: EXPANDING HORIZONS WITH CREATIVITY.

At Matoaca High School, the art department offers classes taught by Mr. Tom Parks ranging from Art 1 to Art 5.

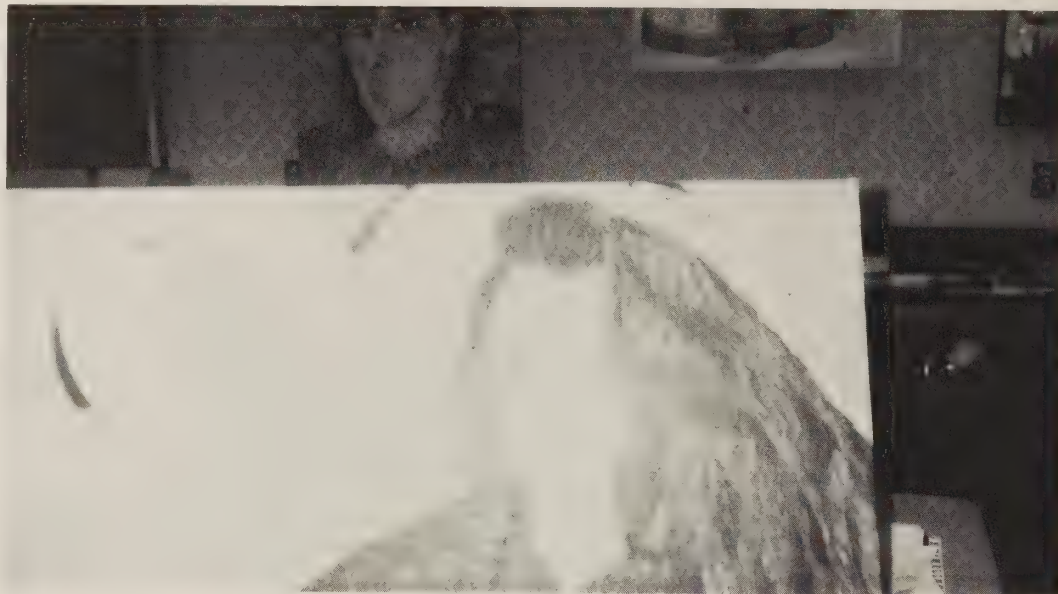

In these classes the students work on projects including color theory and Art History.

Exceptional projects, acrylic paintings, for example, are submitted to Art Exhibits.

The Black History Students Exhibition includes the works of Daphne Parrish, Phillip Chappel, and Jennifer Reynolds.

Other works this year entail tessellation and paper mache masks.

Making many creative efforts the art department has succeeded in displaying much outstanding talent.

Displaying her artistic talent, Daphne Parrish painted her self-portrait.

While working on her rope basket in crafts class, Junior Cindy Story takes a minute to smile.

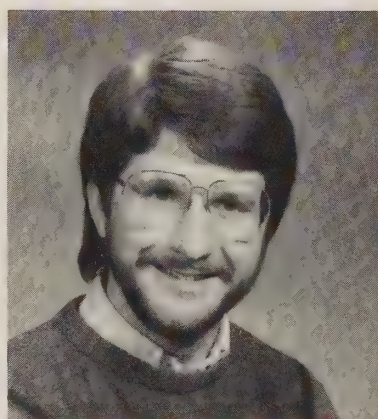

Keeping Mr. Parks and his students mesmerized, Chinese artist Wang Chaun Wen shows his knowledge of painting with water colors.

COMPUTERS AT MATOACA HIGH SCHOOL

The computers at Matoaca High School are basically used in two areas of instruction: mathematics and business. The math department offers courses in Pascal and BASIC. The business department offers courses in Keyboarding, Computer Concepts, Accounting Computer Applications, Business Computer Applications, Management Information Systems, and Information Word Processing using the Apple IIe and the IBM Computers.

Over the years interest in computer applications has grown tremendously while there has been a steady decline in the request for courses in computer programming. However, the job market for Computer programmers and engineers is still a very viable one.

During his CCC computer lab, Freshman Laquain Robertson takes a break from his math problems to smile for the camera.

BEYOND THE STARS

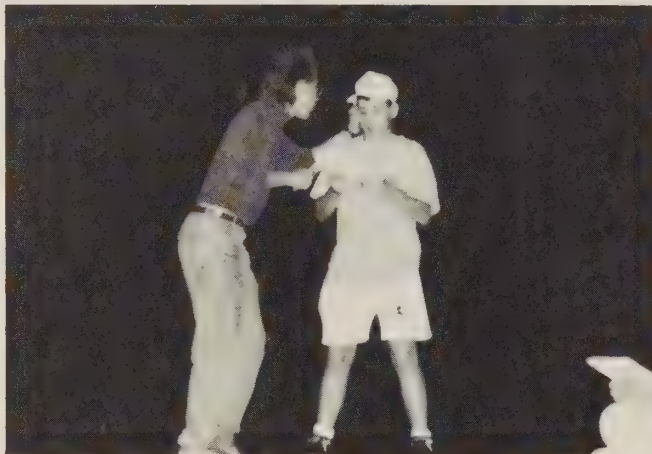

Drama is considered a creative explosion by many of Mrs. White's drama students. The class helps them to cooperate with the outside world. As Jose DeJesus explains, "It encourages shy individuals to break out of their shells and they feel like part of a group. Everyone in this class gets along. We all have a positive attitude and we feel like a family." Mrs. White helps the group unite by grouping the students in unlikely pairs and together they work on their theatrical techniques.

During an on-stage rehearsal, Junior Robert Wissinger collapses out of dramatic frustration.

A Quest for Knowledge: AP Classes.

Only the upper echelons of Matoaca High School are placed in Advanced Placement classes. There are three different AP classes. AP English, AP Calculus, AP European History. Students are pushed to go beyond their own expectations and learn to think for themselves. These classes are the closest thing to being in college which is where all of these students are headed. Not only is the class challenging for the students but for the teachers as well. The teachers are continuously expanding their knowledge through the interaction with their students. The classes are a worthwhile investment for anyone willing to learn.

A.P. Calculus teacher Julius Laws gives an exceedingly warm welcome to his 3rd period class.

SPORTS

ROLLING UP THE POINTS . . .

The 1991 Matoaca Football Team completed one of the best seasons in the school's history with a record of 9 wins and 3 losses and the Region I Runner-up Title, losing to Nottoway.

The Warriors outscored their opponents 313 to 109 in 13 games with 4361 total yards offense. On Defense the Warriors posted 7 shutouts (6 in a row).

During this notable season a few pre-dominant Warriors were outstanding on the field: Terrance Deanes, Marco Thomas, Calvin Williams, Potsie Farrior, George Pierson, Nathan Shepperson, Shawn Harris and Craig Akins. Making All-Southside District Team, All-Region I First Team and All-State Football Team were: Deanes, Thomas, Farrior, Shepper-

son, Peirson and Williams. During the Richmond, VA, All-Metro First team banquet, Deanes, Thomas, Williams, Farrior and Shepperson, were honored for their exceptional skill shown this season.

Three Matoaca seniors accepted full 4-year football scholarships to major colleges in the state of Virginia — Terrence Deanes opting to go to Williams and Mary, Marco Thomas to Virginia Tech and Calvin Williams to Norfolk State University.

The Matoaca Warriors again have exhibited skill and determination which only proves they truly are above and beyond all the rest.

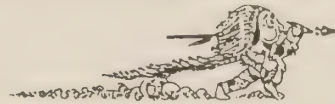

While taking a much needed breather on the bench, Terrance Deanes is consulting with the team physician, Dr. Cutter.

Soars! Reaching and dashing for the pigskins, tail-back William Davis is ready to go for the long run.

As everyone braved our only show of the year, quarterback Craig Akins escorted his mother during Parent's Night.

The 1991-1992 JV football team was one characterized by inexperience. The 1990-1991 team which finished 6-2 had left only three players with any game experience of QB Robbie Tatum, Def. End, Demonic Stevenson and lineman Wayne Anderson the JV Warriors toppled AAA Prince George and J.R. Tucker and found themselves undefeated after a win against district foe Bluestone.

Their inexperience showed in a loss to Lunenburg, but the JV Warriors battled back for an upset, overtime victory over Brunswick to pave the way to another district crown. Players like Marcus Bassett, Quinton Waller, Randy Price, Cardell Winfield, Chris Bowles and Aaron Belcher helped to secure the championship with a season ending victory over Nottoway 14-6.

The winning season (6-1), was the 5th in a row and the 2nd district championship in three years for the JV Warriors. The season was also marked by the entrance of new coach Scott Driskill, who played an important role in the championship season.

This year's Varsity Basketball team was outstandingly successful. The Warriors won twenty-two games and only lost five games.

This year's season was the only one that went to All Regions. They also were the first to make it to All State. The team was nominated for the 1992 McDonald's All-American Basketball Team.

Harold Deane was Southside District player of the year. He was first to go to all state. Joe Lott went to first team all district. Tony Meredith made honorable mention and he went to All Southside District.

The Warriors have done great this year. We all hope the MHS Varsity Basketball Team has the same success next year.

The Girl's team had a hard season playing four AAA schools. They finished six in the regionals. Terry Haskins placed 1st in the 300 hurdles. Chantrice Mayfield placed second in shot, disc, long jump, Triple jump. Christie Dickerson placed third in 400 meter run.

Chantrice Mayfield led the team in scoring and was the MVP. Rhonda Parker was the most improved. Katrice McGee was one our leaders and top runners in the District in the 800 meter run.

The Boy's track team suffered it's first losing season. Through it all they grew together and learned a lot together.

Outstanding performances were turned in all year by Terrance Deanes, Marco Thomas, Quinton Waller, DeCarlos Wynne, Lonny Mosby and John Pettis.

Terrance Deanes was regional champ in the shot pot, He placed fourth in the state in the shot put and sixth in the discus in the state. Terrance also broke a twenty year old school record in the districts with a throw of 152'5". Congratulations, Terrance!

We look forward to next year's season. Hope to see even more improvement and success next year. Good Luck to the upcoming players.

Indoor Track

The girls and boys indoor track team did an excellent job this year. Most of the competition that we compete against is triple A. Matoaca held its own in these meets and is well respected throughout the area in the track and field arenas. Matoaca attends all of the large high school track and invitational meets on the east coast. Meets such as William and Mary, Virginia Tech, East Coast and the Vikings relays name a few. Most of these track meets have at least 1000 competitors.

At this time Coach Dixon has no Asst. Manager or outside help but is doing a very fine job. We wish him a successful season along with the Running Warriors!

92 Varsity Baseball Re-Cap

The 92' baseball season for the Warriors was not bad compared to seasons in the past. The 8-8 overall record and 5-5 district record was less than what Coach Pace had expected.

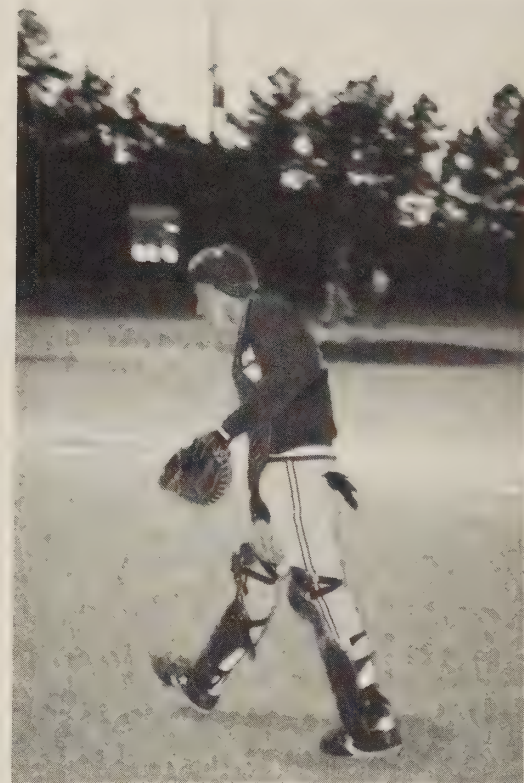

Their primary goal of going to the play-offs was met, however short lived as they were knocked out by Parkview in the first round 5-2.

Next year maybe the Warriors will be back in the hunt once again for the district title.

Good Luck to Coach Pace and the upcoming Warriors!

Junior Varsity Baseball

By Coach Driskill

The Junior Varsity baseball team's season started off slow. They built into a solid finish in the Southside district.

They played solid baseball, but didn't manage a win against our five AAA opponents.

When the district part of our schedule started with a sweep of Greenville in a double header, the team realized the potential it had. The team finished with four wins and six loses in the district for 4th place, the team was very respectable, considering the JV team consisted of 10 eighth graders, 8 ninth graders and 1 tenth grader.

Some notable standouts were John Austin, at catcher; Jimmy Fisher, at 2nd base and pitcher; Tim Keyser at 1st base.

With their solid finish, they laid the foundation for some future varsity prospects, as well as returning some very good players to JV baseball for next year.

Freshman, John Austin, stirs the dust as he safely slides on a base.

"Batta, Batta, Batta, Swingggg!" Number 20, Tim Keyser swings for success.

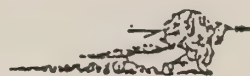

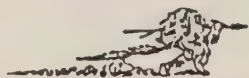

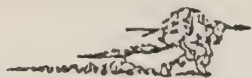

Freshman, Jimmy Fisher, expresses a painful pitch.

3rd — Coach Driskill, Ryan Marsh, John Austin, Jeremy Clark, Shannon Ward, Chuck Franklin, Junior Miller, Tim Keyser.

Sophomore Jennifer Gwinn is thrown out at first as she gives it her best effort.

Junior, Melissa Yancey prepares for a successful slam.

After another great hit, Senior Peaches Haskins prepares to take off toward first base.

Grandslamming with the Lady Warriors.

Softball 1991-92

After a slow start, the Matoaca Softball Team finished fourth in the Southside District. A 3-7 record was enough to send them into the District Tournament against undefeated Greenville. Though the warriors played good defense, they were defeated by a score of 6-0.

Throughout the season, individual and team improvement was evident. Hard work and extra practices increased the intensity level of team play. Bases running, hitting and bunting were areas of the game that the team excelled in as the season progressed. Players also showed great versatility by playing many different positions throughout the year.

Adrienne Haskins, Terri Young, and Angela Williamson were named to first team all-District and Kim Coleman was honorable mention first base. Adrienne Haskins also received the most valuable player award.

This season was exceptionally well. Great Luck to the Lady Warriors next year.

SENIORS

Above All The Rest

Memories

In the four long years at Matoaca High, we created memories everyday. Some memories we wish to cherish for the rest of our lives. Some memories we wish to forget. Some Seniors just remember one thing each day — LUNCH — while some like to remember time spent with good friends.

Some things seniors remember whether good or bad are reflected here:

Todd Simmons: "Becoming the first student from Matoaca to make it to the state golf tournament."

Denise Dahl: "Going to the Friday night football games, and then hanging out with friends at Pizza Hut."

Brian Heoner: "The moment when I was named the voice of the Warriors and also when I placed fourth on the Golf team for my first year."

Jevette Branch: "When I made honor roll for the first time my senior year."

Marion Robinson: "In ninth grade on the

first day of school, I had soccer shoes on and fell up the stairs!"

Nia Russell: "When I was crowned for the 1991-1992 Homecoming Queen for Macoaca High School."

Daniel Driskill: "Being Beth Ashton's escort for Homecoming Queen."

Tonya Moss: "My induction into the Key Club and working as a peer facilitator."

Dawn Easter: "During the 1991 basketball season. The team won the Region I Championship."

Angie Carter: "Prom of 1991"

One moment that many students agreed they would never forget was Chris White's death and his life.

So as life goes on, we will create more memories. One of the most important one, will be our lives at Matoaca High School.

"Hey home-girl! What's happening?" Lachan Toran saucily flashes her gorgeous smile as she strikes a pose for the camera.

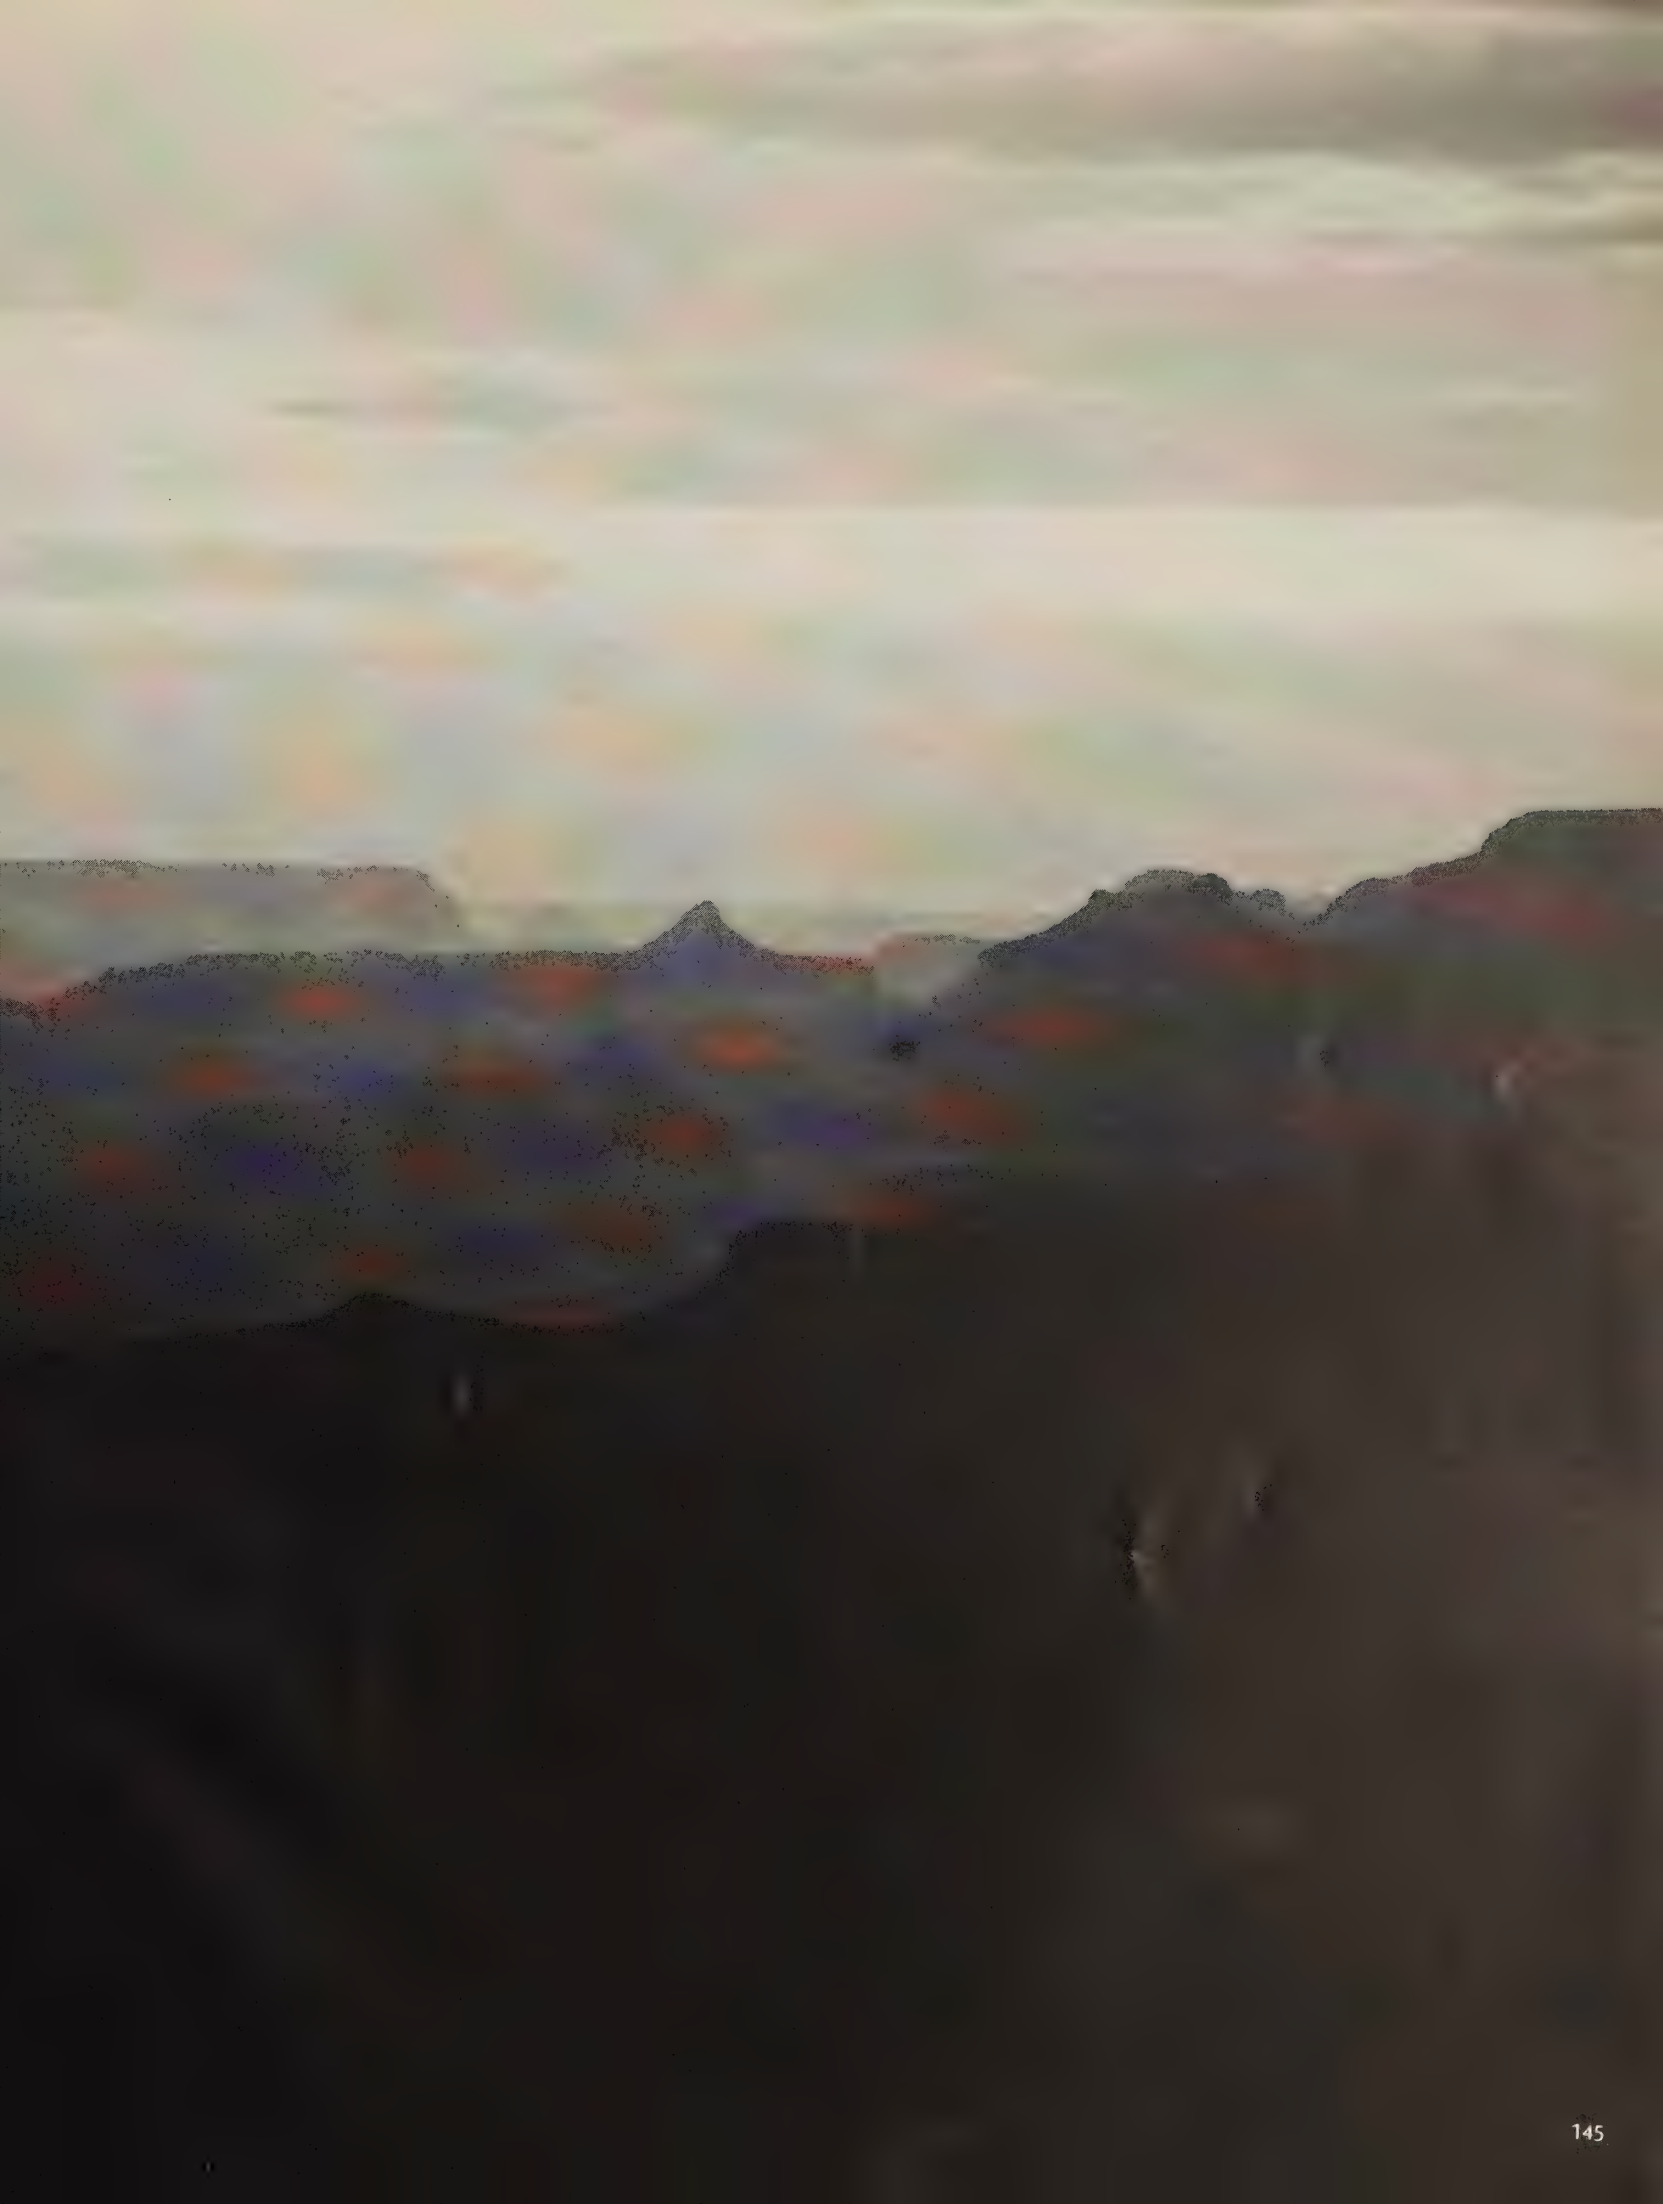

"36-24-3, no ... or was it 24-36-3?" Kathy Motley ponders the art of locker opening.

An abstract graphic design featuring a large, light-colored, wavy shape that dominates the center. This shape is bordered by thick black lines. To the left, there are sharp, angular black shapes. To the right, a diagonal band of muted colors (pinks, greens, and greys) runs across the frame. The overall composition is dynamic and modern.
